Important Notes on VAT and the Flat Rate Scheme

- Registration for VAT is optional, however we recommend registration to benefit from the Flat Rate Scheme.
- The Flat Rate Scheme is an incentive provided by government allowing you to pay VAT as a fixed percentage of your VAT inclusive turnover. The actual percentage you use depends on your type of business.
- Businesses with a turnover greater than £73,000 are obligated by HM Revenue & Customs to be VAT registered and may automatically be in a position to register and benefit from the Flat Rate Scheme.
- Businesses with an income of greater than £150,000 may not register for the Flat Rate Scheme.
- Once off registration fees for VAT and the Flat Rate Scheme will be requested on completion of first VAT return.
- Fees for quarterly VAT returns will be invoiced on completion of each return.
